But he said it could take up to a year to bring it to market. "We have dozens of functions that are working on this now," he said.

Confidence in the market is not high, but it will be a good sign if it can be brought to market in a year.

With Best Regards,

Dear Shoji san,

We would be very interested in having a conference call with the
scientists who are involved in research
separately and to discuss what we might more efficiently do together.
