You don't need to go to the IRF for your PMAP if

that is why you are going there. We can do it in

from Connie.

Subject: California Department of Public Health (CDPH) - Los Angeles and Orange County - COVID-19 - Update

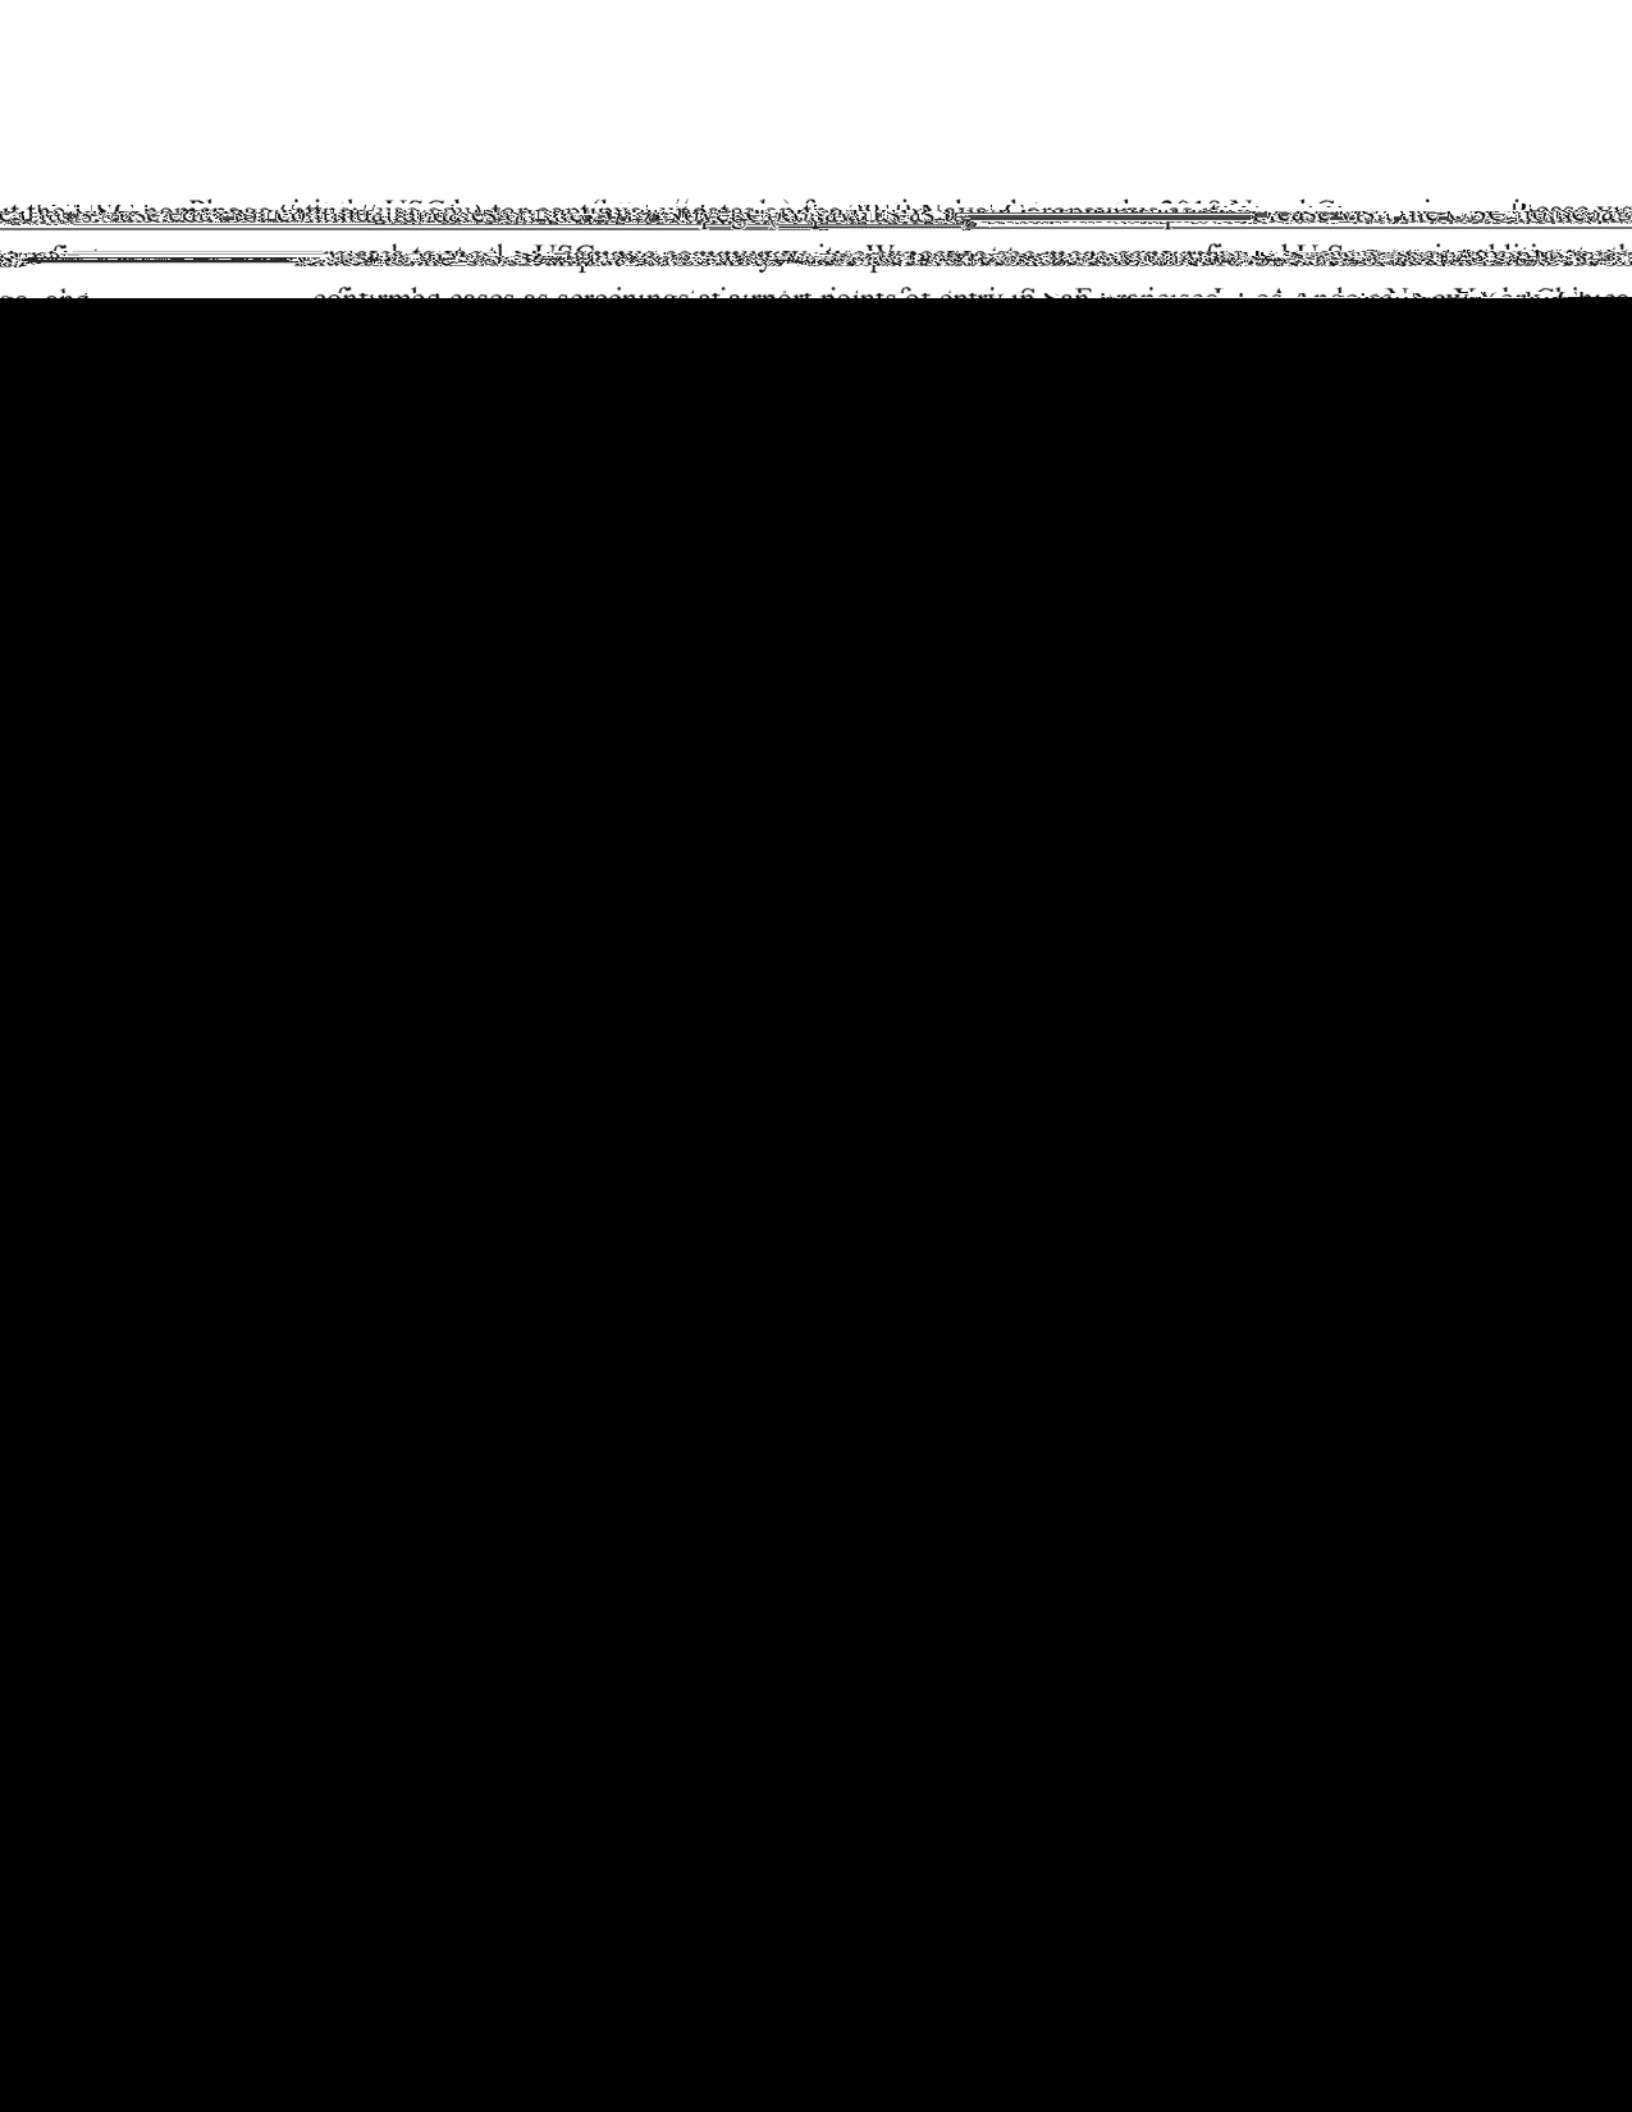

We are updating the community in light of information that individuals in Los Angeles and Orange County in  
tested positive with the 2019 Novel Coronavirus (2019-nCoV). We are in contact with Southern California  
als. There is no known connection between the affected individuals and USC local public health official

to the State of California Department of Public Health (CDPH) - Los Angeles and Orange County - COVID-19 - Update

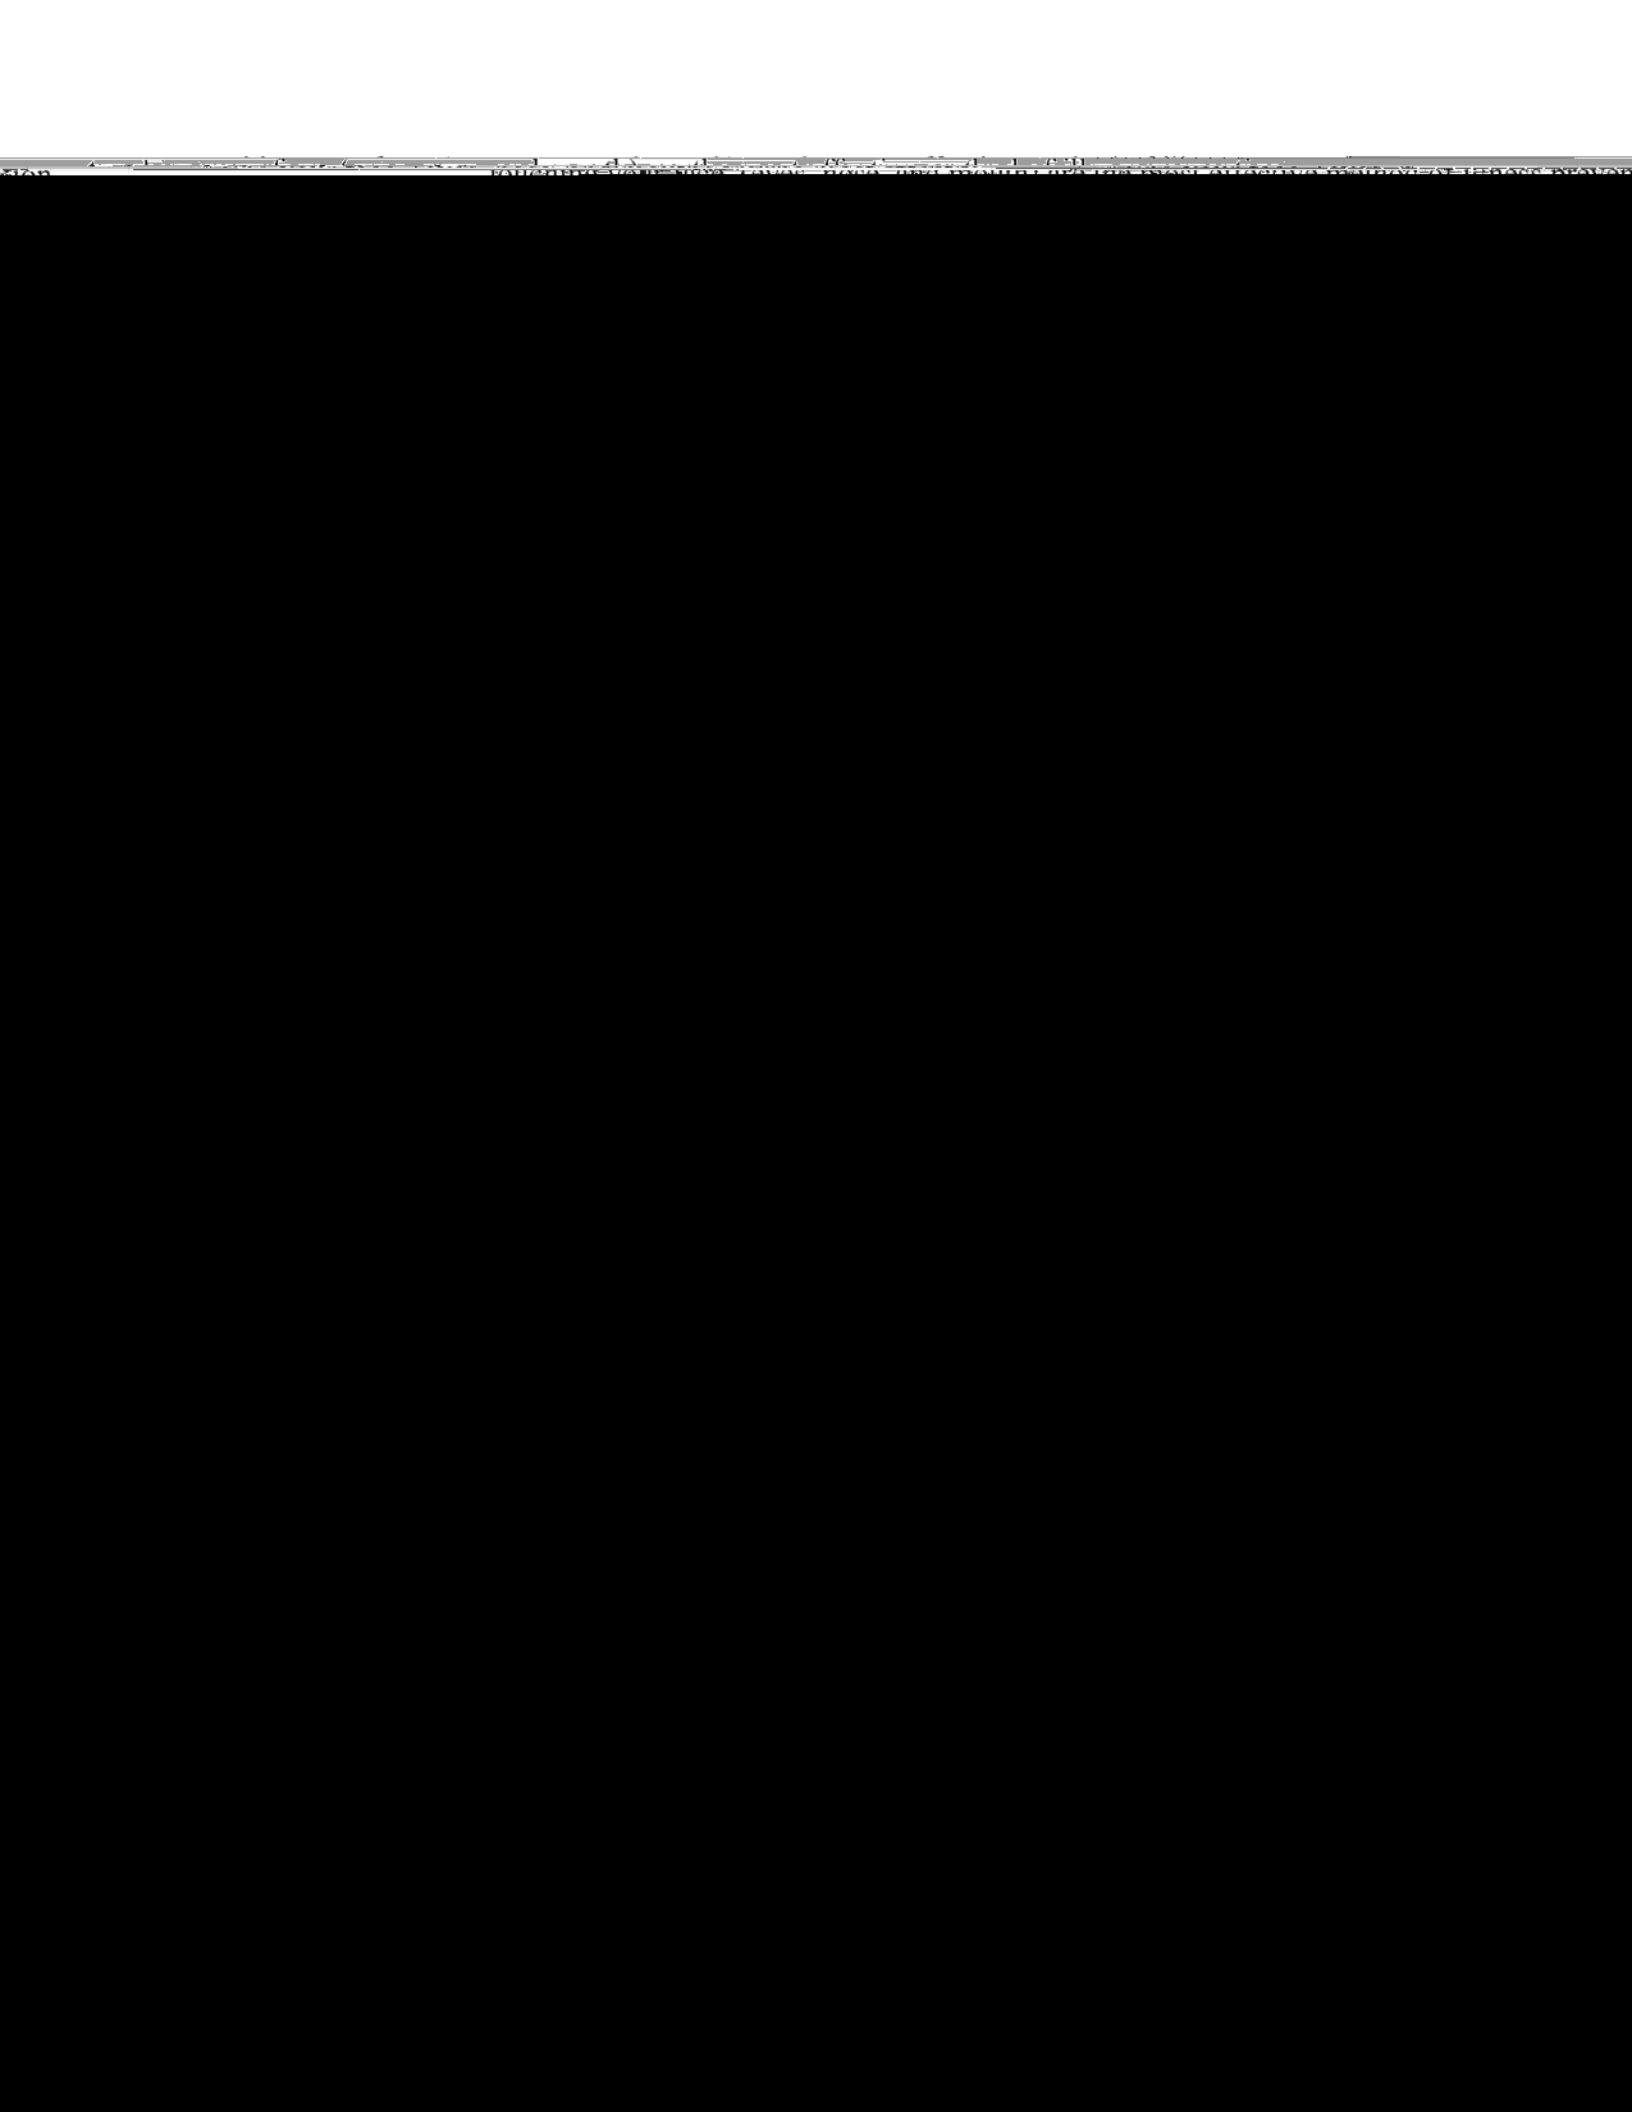

• Fever

• FCVGI

- Cough
- Shortness of breath

Many cases appear to be mild. Individuals who are elderly, have weakened immune systems, or have other underlying health conditions appear to be at risk for more severe disease.
